

TAB 10: SPORTS DAY - 2025

The 5th Annual Sports Day of Study World College of Engineering was held with great enthusiasm and energy on 9th May 2025, at the college playground. The event served as a platform for students to showcase their athletic talents, teamwork, and school spirit in an atmosphere of celebration, competition, and unity.

The event began with the Tamil Thai Vazhthu, followed by a warm Welcome Address by Director of Physical Education Mr. M. Sakthivel, setting a positive tone for the day. One of the highlights of the opening ceremony was the impressive March Past, where six student houses—Yellow Dynamos, Green Celerix, Red Titans, Blue Vortex, White Astrons, and Pink Pacex—marched with pride, discipline, and competitive spirit. Each house was led by student leaders and guided by faculty mentors, showcasing the perfect blend of student enthusiasm and staff guidance.

The lighting of the Olympic Torch was a symbolic and emotional moment, representing the spirit of sportsmanship, strength, and unity. The torch was carried around the ground by selected student athletes, culminating in a ceremonial lighting that marked the official opening of the games.

The event was graced by the presence of Ms. M. D. Valsamma, Padma Shri awardee, Arjuna Award recipient, and the first Indian woman to win an individual gold medal at the Asian Games. Her inspirational speech motivated students to aim high, stay disciplined, and never give up.

The event also included a Presidential Address by the Principal and COO, Dr. P. Gomathi, who emphasized the importance of sports in student development and character building.

Students participated in a wide range of events and games, demonstrating their strength, agility, and determination. The atmosphere was filled with cheers and excitement as winners were recognized during the Prize Distribution Ceremony, honouring their hard work, dedication, and achievements.

The event concluded with a heartfelt Vote of Thanks, expressing gratitude to the Chief Guest, faculty, organizers, and students for making the day a grand success. The program ended with the National Anthem, uniting everyone in a moment of pride and respect.

Sports Day 2025 was not just a celebration of competition but a reflection of the values that Study World College of Engineering stands for—teamwork, discipline, and holistic development. It remains a memorable chapter in the institution's journey towards excellence in academics, character, and sports.
